ANNELISE GILL-WIEHL
Environmental Engineering
University of Notre Dame
agillwie@nd.edu |314-808-6441

RESEARCH INTERESTS: household energy; cooking & electrification; energy policy; health and climate impacts of energy; carbon market; affordability; gender

---

METHODS: impact evaluation; quantitative & qualitative methods, personal exposure monitoring; biostatistics; cost-benefit analysis**:**

EDUCATION

2024 Ph.D. University of California, Berkeley, Energy & Resources
Committee: Dr. Isha Ray (co-chair), Dr. Daniel Kammen (co-chair), and Dr. Alan Hubbard
2021 M.S. University of California, Berkeley, Energy & Resources
2019 B.S., Salutatorian, University of Notre Dame, Environmental Engineering and International Development Studies

ACADEMIC POSITIONS

2024 - 2026 Post-doctoral fellow, T32 Advanced Training in Environmental Health and Data Science
Department of Environmental Health Sciences
Columbia University Mailman School of Public Health
PI: Professor Darby Jack
2026 - Assistant Professor, Environmental Engineering
Department of Civil and Environmental Engineering and Earth Sciences
University of Notre Dame

GRANTS, FELLOWSHIPS, HONORS, & AWARDS (in total >750,000 USD)

2026 bigd's Women's Economic Empowerment and Digital Finance (WEE-DiFine) (co-PI with Mr. Mujtaba, Professor. Kelsey Jack, and Professor. Darby Jack)
2024 NIH's T32
2023 Gift grant for Cookstove Carbon Offsets Quality Research, Amazon Sustainability Science & Innovation (with Dr. Barbara Haya)
2021-23 Lau Graduate Fellowship in Climate Equity, University of California, Berkeley
2022 Building Bridges for Broken Bones, Global Surgery Foundation (with Dr. Joost Binnerts, Dr. Thom Hendriks, Dr. Bwire Chirangi, and Mr. Jovin Okoth)
2021 National Science Foundation (NSF) Graduate Research Fellowship Program
2020-21 Foreign Language Area Studies (FLAS) Fellowship for Kiswahili, US Department of Education
2020-22 Rocca Dissertation Fellowship (and Pre-Dissertation Fellowship), Center for African Studies UCB
2020 Institute of International Studies (IIS) Pre-Dissertation Fellowship, University of California, Berkeley (UCB)
2020 Innovations at the Nexus of Food Energy and Water Systems (In-FEWS) Fellow, NSF
2019 D-Prize, Community Technology Worker Program

2019 The John W. Gardner Leadership Award, University of Notre Dame
2019 Reverend Thomas A. Steiner Prize, University of Notre Dame, College of Engineering
2018-19 Tau Beta Pi and Chi Epsilon Engineering Honor Societies
2019 Kellogg International Scholars Program Research Grant (exception made for postgraduate research)
2018 Kellogg Institute Research Grant
2017 Kellogg Experiencing the World Fellowship
2016 Kellogg Institute Internship Program Grant

SELECT PUBLICATIONS (see https://scholar.google.com/citations?user=qzi-xVoAAAAJ&hl=en for full list)

Note: I follow the "outside-in" author order convention common to public health and the natural sciences. That is, the first author contributed the most to the article. The second author provided the next largest contribution, or a key methodological contribution. The last author position is that of the senior investigator or domain specialist, providing the most oversight.

OTHER ACTIVITIES

Panel speaker, Webinar—Decarbonization Pathway Spotlight: Clean and Improved Cookstoves, RMI

Invited plenary talk, ETHOS conference, January 2024
Panel speaker, Moving the Needle on Clean Cooking: The Future of Carbon Finance. Modern Energy Cooking Services
Reviewer: PNAS, Energy Research & Social Science, World Medical & Health Policy,
Energy Policy
Consultant: Calyx Global Inc. 2022-2023; 2025; Carbon Market Watch (2024-2025);
EcoSafi 2024-
Languages: Swahili, advanced spoken and written; English, native
